

*I love the way
You whisper to me,
"This way," dear.
You help me see
How to love you.*

*Make love to me
In the way only you do.
Teach my hands,
My heart, to love you.*

*You care, you show,
You listen to me.
You mold my love.
You glisten, I see
The way you love me,
You want me...*

*Make love to me
In the way only you do.
Teach my hands,
My heart, to love you.
We care more about
Being what we need.
We touch, we love,
You're cut, I bleed.
Make my heart
Yours...*
